The Bezirk Oberpfalz

forms – together with 223 municipalities, seven administrative districts and three urban districts – the third level of local government in the Oberpfalz.

It fulfills tasks which exceed the capacity of the administrative and urban districts, above all including the following:

- social coverage of old persons, persons in need of care and disabled persons
- care for the population on the psychiatric and neurologic field
- consultancy of the Oberpfalz pond cultivators
- conservation of the cultural diversity in the Oberpfalz
- care for European cooperation

The fulfillment of these tasks is carried out by the following departments and institutions:
